ABOUT ME

I'm a Front-end Developer with experience in creating SPA with React/Redux/TypeScript. Now I am improving my skills in this direction and expanding them with new technologies. I plan to study some frameworks in the nearest future. In my spare time, I solve Codewars and improve my English.

WORK EXPERIENCE

IT-incubator (2022)

Front-end Developer (part-time)

- Create SPA with React, React-redux, Redux-toolkit, TypeScript
- Performed code review and fixed bugs
- Worked in a team

SIMStrade Ltd. (2018– 2022)

Deputy Director (full-time)

Supply and installation of loading systems and gates of all types for industrial facilities (logistics centers, warehouses, shops)

- Full transaction support
- Control at all stages

PROJECTS

Education cards (09/2022 – 12/2022)

The user selects a deck and starts the learning process. Users can create their own decks and add cards there. Users can also find a deck that interests them and study it. The project was carried out in a team of three people.

Todolist (06/2022 – 09/2022)

Todolist is a list of things you need to do or want to do. When a task is completed, it is usually crossed off the list.

Social network (03/2022 – 06/2022)

A social network is an online platform that people use to build social networks or social relationships with other people who share similar personal or career content, interests, activities, backgrounds or real-life connections.

TECHNOLOGIES

React, Redux, TypeScript, Redux-thunk, Redux Toolkit, Router-dom, Axios, Mui, SCSS, Formik, Sass, Storybook, Unit test, Prettier, Git.
